How Legal Abortion Serves Sexual Predators

Julie Posey

The pro-abortion movement has some downright reprehensible allies, but perhaps none more heinous than the child sex predator.

Our February guest speaker, Julie Posey, is no stranger to the brutality of sex trafficking, including its reliance on a system that zealously advocates for the killing of the unborn. The Lifetime Original Movie, [Defending Our Kids: The Julie Posey Story](#), depicts Julie's life and how her work as a Cybercrime Fighter led to over one hundred sexual predator convictions across the United States.

Date:

Thursday, February 24th

Time:

7:00–8:15 pm

*(Please join us at 6:00

Julie endured six years of abuse as a child herself which resulted in a pregnancy. Despite pressure to abort, Julie chose life and adoption for her son, Eric. Years later she was reunited with Eric on the Montrel Williams show!

The doors will open at 6 pm so **come early and enjoy dinner** from one of three food trucks on site. Enjoy the fellowship with other pro-lifers and come meet Julie.
