

Sanctity of Life Prayer Points

- For spiritual guidance and physical assistance for those young women, men, and families who are making decisions to choose life or abortion.
- That our society would respect the life of each individual from conception until natural death. Hearts and minds must be touched to accomplish this. It can't simply be "legislated".
- For the elderly, infirm and disabled who are increasingly threatened via euthanasia.
- For pastors to speak out regarding protecting each person's God-given right to life.
- For Godly leaders in all branches of government who will recognize God as the Giver of Life and who will work to uphold the protection of life.
- For a move of the Spirit among our young men - that they will see the Lord and God the Father clearly and as they see the Father clearly they will understand their role as fathers.
- That abortion industry workers see the truth of life and the healing available through Christ.
- That the women, men and family members who have been devastated by past abortions will find forgiveness and restoration through Christ.
